Experience

Graphic Designer / Hallom

NOV 2018 - JUL 2020, Laval, QC

Worked with a team of 5 to create content by utilizing a variety of tools based on clients requirements.

- Developed graphics and layouts for product illustrations and websites for clients in order to promote their products.
 - Took photographs at the events and captured the special moments of the events.
 - Post processed photographs using Photoshop and Lightroom to achieve the best adjustment.
 - Cooperated with team members during the design process to find the best approach to the final product.
-

Education

Computer Graphics / Rosemount Technology Center

OCT 2018 - MAY 2020, Montréal, QC

- Learned core concepts of graphic design including color theory, typography and etc.
 - Practiced photography with technical details about camera usage.
 - Made designs using Adobe creative cloud suit.
 - Set up equipment and tools as needed for projects.
 - Created UI/UX for different projects.
-
